About this PDS

This Product Disclosure Statement ("PDS") has been prepared and issued by Equity Trustees Limited ("Equity Trustees", "we" or "Responsible Entity") and is a summary of the significant information relating to an investment in the IMC Global Small Companies Fund (the "Fund"). It contains a number of references to important information (including a glossary of terms) contained in the IMC Global Small Companies Fund Reference Guide ("Reference Guide"), which forms part of this PDS. You should carefully read and consider both the information in this PDS, and the information in the Reference Guide, before making a decision about investing in the Fund.

The information provided in this PDS is general information only and does not take account of your personal objectives, financial situation or needs. You should obtain financial and taxation advice tailored to your personal circumstances and consider whether investing in the Fund is appropriate for you in light of those circumstances.

The offer to which this PDS relates is only available to persons receiving this PDS (electronically or otherwise) in Australia.

This PDS does not constitute a direct or indirect offer of securities in the US or to any US Person as defined in Regulation S under the Securities Act of 1933 as amended ("US Securities Act"). Equity Trustees may vary this position and offers may be accepted on merit at Equity Trustees' discretion. The units in the Fund have not been, and will not be, registered under the US Securities Act unless otherwise approved by Equity Trustees and may not be offered or sold in the US to, or for, the account of any US Person (as defined in the Reference Guide) except in a transaction that is exempt from the registration requirements of the US Securities Act and applicable US state securities laws.

1. About Equity Trustees Limited

The Responsible Entity

Equity Trustees Limited

Equity Trustees Limited ABN 46 004 031 298 AFSL 240975, a subsidiary of EQT Holdings Limited ABN 22 607 797 615, which is a public company listed on the Australian Securities Exchange (ASX: EQT), is the Fund's responsible entity and issuer of this PDS. Established as a trustee and executorial service provider by a special Act of the Victorian Parliament in 1888, today Equity Trustees is a dynamic financial services institution which continues to grow the breadth and quality of products and services on offer.

Equity Trustees' responsibilities and obligations as the Fund's responsible entity are governed by the Fund's constitution ("Constitution"), the Corporations Act and general trust law. Equity Trustees has appointed SG Hiscock & Company Limited as the investment manager of the Fund. Equity Trustees has appointed a custodian to hold the assets of the Fund. The custodian has no supervisory role in relation to the operation of the Fund and is not responsible for protecting your interests.

The Investment Manager

SG Hiscock & Company Limited

SG Hiscock & Company Limited ABN 51 097 263 628 AFSL 240679 ("SGH" or "Investment Manager") is an Australian boutique investment manager specialising in high conviction, actively managed investment strategies. SGH was established in 2001 and is entirely owned by directors, staff and associates. Office locations are Melbourne and Sydney.

SGH has appointed The Informed Momentum Company LLC under a sub-investment agreement to undertake the portfolio management of the IMC Global Small Companies Fund.

The Sub-Investment Manager

The Informed Momentum Company LLC

The Informed Momentum Company LLC ("IMC") is an investment management firm solely focused on delivering alpha for clients in global equity markets through its Informed Momentum[®] investment approach. This approach aims to generate alpha by harnessing the power of the momentum premium, exploiting behavioural biases around new information, assessing the rationale behind improving/accelerating company financial performance, and by constantly addressing portfolio risk. The daily application of IMC's systematic process is designed to deliver consistent and predictable results. The firm's time-tested philosophy and investment approach has been applied consistently across all strategies since inception in 2007 (formerly EAM Investors, LLC). As of December 31, 2024, IMC had approximately \$US2.5 Billion in assets under management. IMC is headquartered in Solana Beach, CA, USA.

2. How the IMC Global Small Companies Fund works

The Fund is a registered managed investment scheme governed by the Constitution. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Direct investors receive units in the Fund when they invest. In general, each unit represents an equal interest in the assets of the Fund subject to liabilities; however, it does not give investors an interest in any particular asset of the Fund.

If you invest in the Fund through an IDPS (as defined in the Reference Guide) you will not become an investor in the Fund. The operator or custodian of the IDPS will be the investor entered in the Fund's register and will be the only person who is able to exercise the rights and receive the benefits of a direct investor. Your investment in the Fund through the IDPS will be governed by the terms of your IDPS. Please direct any queries and requests relating to your investment to your IDPS Operator. Unless otherwise stated, the information in the PDS applies to direct investors.

Applying for units

There are several ways to invest in the Fund. You can acquire units by completing the Application Form that accompanies this PDS or by completing the application process online (New investors only). The minimum initial investment amount for the Fund is \$20,000.

See Section 8 "How to Apply" of this PDS and the SGH Reference Guide for further information.

If completing the application process online, please go to www.sghiscock.com.au for further instructions.

Please note that all monies deposited by direct credit or direct debit must match the amount specified on the Application Form for an application to be valid. We reserve the right to accept or reject applications in whole or in part at our discretion. We have the discretion to delay processing applications where we believe this to be in the best interest of the Fund's investors.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day is, in general terms, equal to the Net Asset Value ("NAV") of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Buy Spread"). At the date of this PDS, the Buy Spread is 0.20%.

The Application Price will vary as the market value of assets in the Fund rises or falls.

Making additional investments

You can make additional investments into the Fund at any time by sending us your additional investment amount together with a completed Additional Investment Form or directly via BPAY. The minimum additional investment into the Fund is \$5,000 or \$500 if paying by BPAY[®]. Forms are available at www.sghiscock.com.au.

Distributions

An investor's share of any distributable income is calculated in accordance with the Constitution and is generally based on the number of units held by the investor at the end of the distribution period.

The Fund usually distributes income annually at the end of June, however, Equity Trustees may change the distribution frequency without notice. Distributions are calculated effective the last day of each distribution period and are normally paid to investors as soon as practicable after the distribution calculation date.

Investors in the Fund can indicate a preference to have their distribution:

- reinvested back into the Fund; or
- directly credited to their AUD Australian domiciled bank account.

Investors who do not indicate a preference will have their distributions automatically reinvested. Applications for reinvestment will be taken to be received immediately prior to the next Business Day after the relevant distribution period. There is no Buy Spread on distributions that are reinvested.

In some circumstances, the Constitution may allow for an investor's withdrawal proceeds to be taken to include a component of distributable income.

Indirect Investors should review their IDPS Guide for information on how and when they receive any income distribution.

Access to your money

Investors in the Fund can generally withdraw their investment by completing a withdrawal form and mailing it to:

Apex Fund Services Pty Ltd
Unit Registry
GPO Box 4968
Sydney, NSW, 2001

You can also email SGHinvestorservices@apexgroup.com; or send it by fax to +61 2 9251 3525.

The minimum withdrawal amount is \$5,000. Once we receive and accept your withdrawal form, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

Equity Trustees will generally allow an investor to access their investment within 7 days of acceptance of a withdrawal request by transferring the withdrawal proceeds to such investor's nominated bank account. However, Equity Trustees is allowed to reject withdrawal requests, and also to make payment up to 21 days after acceptance of a request (which may be extended in certain circumstances) as outlined in the Constitution and Reference Guide. We reserve the right to accept or reject withdrawal requests in whole or in part at our discretion.

The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Sell Spread"). At the date of this PDS, the Sell Spread is 0.20%.

The Withdrawal Price will vary as the market value of assets in the Fund rises or falls.

Equity Trustees reserves the right to fully redeem your investment if your investment balance in the Fund falls below \$20,000 as a result of processing your withdrawal request. In certain circumstances, for example, when there is a freeze on withdrawals, where accepting a withdrawal is not in the best interests of investors in the Fund including due to one or more circumstances outside its control or where the Fund is not liquid (as defined in the Corporations Act), Equity Trustees can deny or suspend a withdrawal request and you may not be able to withdraw your funds in the usual processing times or at all. When the Fund is not liquid, an investor can only withdraw when Equity Trustees makes a withdrawal offer to investors in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

If you are an Indirect Investor, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator and the terms of the IDPS.

Cut-off times for processing transactions

If we receive all required application or redemption documents before or at 2pm (Melbourne time) on a Business Day, and your request is accepted by the Fund's administrator Apex Fund Services, we will generally process the transaction using that day's application or redemption price. Requests received after 2pm (Melbourne time) on a Business Day or non-Business Day will generally be treated as having been received before the cut-off time on the next Business Day. Please contact Apex Fund Services for more information.

Unit pricing discretions policy

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available free of charge on request.

Additional information

If and when the Fund has 100 or more direct investors, it will be classified by the Corporations Act as a 'disclosing entity'. As a disclosing entity, the Fund will be subject to regular reporting and disclosure obligations. Investors would then have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report lodged with ASIC ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and
- any continuous disclosure notices lodged with ASIC after the Annual Report but before the date of this PDS.

Equity Trustees will comply with any continuous disclosure obligation by lodging documents with ASIC as and when required.

Copies of these documents lodged with ASIC in relation to the Fund may be obtained from ASIC through ASIC's website.

3. Benefits of investing in the IMC Global Small Companies Fund

Significant features

The IMC Global Small Companies Fund aims to provide investors with capital appreciation by investing in stocks generally within the market capitalisation range and regions in its benchmark, the MSCI ACWI Small Cap Index (ex-Australia). Bottom-up portfolio construction results in a diversified portfolio of typically 100-150 securities that is unbiased toward any country or industry. IMC's Informed Momentum® investment process seeks to generate returns by harnessing the power of the momentum premium.

Significant benefits

- Consistent exposure to the momentum premium
- Adaptable stock selection process designed to capture opportunities across geographies (excluding Australia), industries, and traditional styles
- Systematic investment approach that consistently maintains intended risk exposures

4. Risks of managed investment schemes

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The significant risks below should be considered in light of your risk profile when deciding whether to invest in the Fund. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

The Responsible Entity, Investment Manager and Sub-Investment Manager do not guarantee the liquidity of the Fund's investments, repayment of capital or any rate of return or the Fund's investment performance. The value of the Fund's investments will vary. Returns are not guaranteed, and you may lose money by investing in the Fund. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may change in the future. The structure and administration of the Fund is also subject to change.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial or taxation advice, you should contact a licensed financial adviser and/or taxation adviser.

Pandemic and other unforeseen event risk

Health crises, such as pandemic and epidemic diseases, as well as other catastrophes that interrupt the expected course of events, such as natural disasters, war or civil disturbance, acts of terrorism, power outages and other unforeseeable and external events, and the public response to or fear of such diseases or events, have and may in the future have an adverse effect on the economies and financial markets either in specific countries or worldwide and consequently on the value of the Fund's investments. Further, under such circumstances the operations, including functions such as trading and valuation, of the Investment Manager, Sub-Investment Manager and other service providers could be reduced, delayed, suspended or otherwise disrupted.

Management risk

The Fund is subject to management risk because it is an actively managed investment portfolio. The Sub-Investment Manager will apply investment techniques and risk analyses in making investment decisions for the Fund, but there can be no guarantee that these will produce the desired results.

Currency risk

The Fund will invest in securities listed on non-Australian exchanges denominated in currencies other than Australian dollars. If these currencies change in value relative to the Australian dollar, the value of the investment can change.

Equity securities and market risk

In general, prices of equity securities are more volatile than those of fixed income securities and can go down as well as up. The prices of equity securities fluctuate, and sometimes widely fluctuate, in response to activities specific to the issuer of the security as well as factors unrelated to the fundamental condition of the issuer, including general market, economic and political conditions.

5. How we invest your money

Warning: When choosing to invest in the Fund or an option of the Fund, you should consider the likely investment returns, the risks of investing and your investment time frame.

Investment objective

Aims to deliver consistent alpha by investing in global small cap companies that correspond to the market capitalisation range of the MSCI ACWI Small Cap Index (ex Australia). The portfolio primarily comprises securities listed on approved stock exchanges in developed markets and emerging markets.

Performance Benchmark

MSCI ACWI Small Cap Index (ex Australia) (with net dividends reinvested).

Minimum suggested time frame

The minimum suggested investment time frame for the Fund is over 5 years.

Risk level

High
There is a risk investors may lose some or all of their initial investment. Higher risk investments tend to fluctuate in the short term but can produce higher returns than lower risk investments over the long term. This grading is not intended to be a guarantee of any actual level of risk or an indication of likely returns.

Investor suitability

The Fund may be suitable for investors seeking the potential for capital appreciation over the long-term and geographic diversification (outside Australia) for their equity investments and can accept the volatility associated with investing in equities as well as the special risks that accompany global investing.

Investment style and approach

IMC's Informed Momentum® investment approach combines stock selection, tailored risk management, and efficient implementation to seek to harness the momentum premium to generate alpha.

Investment guidelines

- Invest in global small companies securities listed on approved stock exchanges represented in the MSCI ACWI SmallCap Index (ex Australia) across 22 Developed Markets countries and 25 Emerging Markets countries.
- Maximum 20% of the portfolio weight to be outside the market capitalisation range of the MSCI ACWI Small Cap (ex Australia) Index.

The investment universe is benchmark agnostic, and therefore can include securities that are not in the index.

- Maximum of 2% of the portfolio may be invested in any one company not present in the MSCI ACWI Small Cap (ex Australia) Index (the "Benchmark"), or a maximum of 2% plus the position's weight within the Benchmark.
- The portfolio will typically have 100 to 150 holdings.
- The portfolio will participate in IPOs.

The Fund will not purchase unlisted assets.

Neither the Investment Manager nor Sub-Investment Manager are authorised to borrow money on the Responsible Entity's behalf against the security of assets of the portfolio.

Asset allocation

Asset Class	Min	Max
Global Small Companies	80%	100%
Cash and cash equivalents	0%	20%

(Adjusted for cash inflows and outflows on the day)

Changing the investment strategy

The investment strategy and asset allocation parameters may be changed. If a change is to be made, investors in the Fund will be notified in accordance with the Corporations Act.

Labour Standards, Environmental, Social and Ethical Factors ("ESG considerations")

EQT has delegated investment decisions including ESG considerations to the Investment Manager. SGH has appointed IMC under a sub-investment agreement to undertake the portfolio management of the IMC Global Small Companies Fund.

Environmental, Social and Governance (ESG) risks and opportunities are organically integrated into the investment process of IMC. The Sub-Investment Manager believes material weaknesses in any of the ESG areas can potentially threaten the success of that company and its investment returns. Conversely, the Sub-Investment Manager believes that companies with good governance, transparency, and integrity around ESG areas are attributes of a well-run company, which is more likely to deliver long-term investment performance. Therefore, ESG considerations are an essential component of the investment approach. Further detail on the Sub-Investment Manager's approach to ESG when selecting investments can be found at <https://www.informedmomentum.com/wp-content/uploads/2025/02/IMC-ESG-Policy-Statement.pdf>.

Fund performance

Up to date information on the performance of the Fund will be available by visiting www.sghiscock.com.au, emailing enquiries@sghiscock.com.au or calling SGH on +613 9612 4600.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The information in the following Fees and Costs Summary can be used to compare costs between different simple managed investment schemes. Fees and costs can be paid directly from an investor's account or deducted from investment returns. For information on tax please see Section 7 of this PDS.

Fees and Costs Summary

IMC Global Small Companies Fund		
Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs¹

¹ All fees quoted above are inclusive of Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC). See below for more details as to how the relevant fees and costs are calculated.

² The management fee component of management fees and costs can be negotiated for Wholesale Clients. See "Differential fees" in the "Additional Explanation of Fees and Costs" below.

Additional Explanation of Fees and Costs

Management fees and costs

The management fees and costs include amounts payable for administering and operating the Fund, investing the assets of the Fund, expenses and reimbursements in relation to the Fund and indirect costs if applicable.

Management fees and costs do not include performance fees or transaction costs, which are disclosed separately.

The management fees component of management fees and costs of 0.98% p.a. of the NAV of the Fund is payable to the Responsible Entity of the Fund for managing the assets and overseeing the operations of the Fund. The management fees component is accrued daily and paid from the Fund monthly in arrears and reflected in the unit price. As at the date of this PDS, the management fees component covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custodian fees, and administration and audit fees.

The indirect costs and other expenses component of 0.00% p.a. of the NAV of the Fund may include other ordinary expenses of operating the Fund, as well as management fees and costs (if any) arising from interposed vehicles in or through which the Fund invests. The indirect costs and other expenses component is variable and reflected in the unit price of the Fund as the relevant fees and costs are incurred. They are borne by investors, but they are not paid to the Responsible Entity or Investment Manager. The indirect costs and other expenses component is based on the relevant costs incurred during the financial year ended 30 June 2024.

In relation to the costs that have been estimated, they have been estimated on the basis of relevant information for a similar product offering in the market offered by the Investment Manager.

Actual indirect costs for the current and future years may differ. If in future there is an increase to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees’ website at www.eqt.com.au/insto where they are not otherwise required to be disclosed to investors under law.

Transaction costs

In managing the assets of the Fund, the Fund may incur transaction costs such as brokerage, buy-sell spreads in respect of the underlying investments of the Fund, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold. Transaction costs also include costs incurred by interposed vehicles in which the Fund invests (if any), that would have been transaction costs if they had been incurred by the Fund itself. Transaction costs are an additional cost to the investor where they are not recovered by the Buy/Sell Spread, and are generally incurred when the assets of the Fund are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Fund.

The Buy/Sell Spread that is disclosed in the Fees and Costs Summary is a reasonable estimate of transaction costs that the Fund will incur when buying or selling assets of the Fund. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Fund and are not separately charged to the investor. The Buy Spread is paid into the Fund as part of an application and the Sell Spread is left in the Fund as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is 0.20% upon entry and 0.20% upon exit. The dollar value of these costs based on an application or a withdrawal of \$20,000 is \$40 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time and www.eqt.com.au/insto will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. The transaction costs figure in the Fees and Costs Summary is shown net of any amount recovered by the Buy/Sell Spread charged by the Responsible Entity.

Transaction costs generally arise through the day-to-day trading of the Fund’s assets and are reflected in the Fund’s unit price as an additional cost to the investor, as and when they are incurred.

The gross transaction costs for the Fund are 0.21% p.a. of the NAV of the Fund, which is based on the relevant costs incurred during the financial year ended 30 June 2024.

However, actual transaction costs for future years may differ.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. The current maximum management fee to which Equity Trustees is entitled is 2.00% of the GAV of the Fund. However, Equity Trustees does not intend to charge that amount and will generally provide investors with at least 30 days’ notice of any proposed increase to the management fees component of management fees and costs. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this PDS. Equity Trustees also has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Fund and as such these expenses may increase or decrease accordingly, without notice.

Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Fund on their investment menus. Product access is paid by the Investment Manager out of its investment management fee and is not an additional cost to the investor.

Differential fees

The Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients. Please contact the Investment Manager on +61 3 9612 4600 for further information.

Example of annual fees and costs for an investment option

This table gives an example of how the ongoing annual fees and costs in the investment option for this product can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

EXAMPLE – IMC Global Small Companies Fund		
BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR		
Contribution Fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
Plus Management fees and costs	0.98% p.a.	And, for every \$50,000 you have in the IMC Global Small Companies Fund you will be charged or have deducted from your investment \$490 each year
Plus Performance fees	Not applicable	And, you will be charged or have deducted from your investment \$0 in performance fees each year
Plus Transaction costs	0.01% p.a.	And, you will be charged or have deducted from your investment \$5 in transaction costs
Equals Cost of IMC Global Small Companies Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of: \$495* What it costs you will depend on the investment option you choose and the fees you negotiate.

* Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

This example assumes the \$5,000 contribution occurs at the end of the first year, therefore the fees and costs are calculated using the \$50,000 balance only.

Warning: If you have consulted a financial adviser, you may pay additional fees. You should refer to the Statement of Advice or Financial Services Guide provided by your financial adviser in which details of the fees are set out.

ASIC provides a fee calculator on www.moneysmart.gov.au, which you may use to calculate the effects of fees and costs on account balances.

The indirect costs and other expenses component of management fees and costs and transaction costs may also be based on estimates. As a result, the total fees and costs that you are charged may differ from the figures shown in the table.

Further reading

You should read the important information in the Reference Guide about fees and costs under the "Fees and other costs" section before making a decision. Go to the Reference Guide which is available at www.sghiscock.com.au. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

7. How managed investment schemes are taxed

Warning: Investing in a registered managed investment scheme (such as the Fund) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Fund.

The Fund is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund to which they become presently entitled or, where the Fund has made a choice to be an Attribution Managed Investment Trust ("AMIT") and the choice is effective for the income year, are attributed to them.

8. How to apply

Before completing the Application Form or Additional Investment Form, please ensure you have read this PDS together with the Reference Guide available from www.sghiscock.com.au.

New investors:

- Complete the application process on-line (please visit www.sghiscock.com.au for further instructions)
- Complete the Application Form accompanying the PDS (details are in the Application Form) and post it to Apex Fund Services Pty Ltd, Unit Registry, GPO Box 4968, Sydney, NSW 2001 or email the form to: SGHinvestorservices@apexgroup.com; with your payment by:
 - Transfer the application money electronically to the Fund
 - Direct Debit (for initial investment only)

Existing investors and additional applications:

Additional investment can be made into an existing account at any time. The process for existing investors or making an additional investment is to complete an Additional Investment Form available at www.sghiscock.com.au; and post or email it to Apex Fund Services Pty Ltd with your payment by:

- BPay (no form is required)
- Transfer the application money electronically to the Fund

Please note that cash cannot be accepted and all applications must be made in Australian dollars. All monies deposited by direct credit or direct debit must match the amount specified on the Application Form or the Additional Investment Form for the application to be valid.

Who can invest?

Eligible persons (as detailed in the 'About this PDS' section) can invest, however individual investors must be 18 years of age or over. Investors investing through an IDPS should use the application form provided by their IDPS Operator.

Cooling off period

If you are a Retail Client who has invested directly in the Fund, you may have a right to a 'cooling off' period in relation to your investment in the Fund for 14 days from the earlier of:

- confirmation of the investment being received; and
- the end of the fifth business day after the units are issued.

A Retail Client may exercise this right by notifying Equity Trustees in writing. A Retail Client is entitled to a refund of their investment adjusted for any increase or decrease in the relevant Application Price between the time we process your application and the time we receive the notification from you, as well as any other tax and other reasonable administrative expenses and transaction costs associated with the acquisition and termination of the investment.

The right of a Retail Client to cool off does not apply in certain limited situations, such as if the issue is made under a distribution reinvestment plan, switching facility or represents additional contributions required under an existing agreement. Also, the right to cool off does not apply to you if you choose to exercise your rights or powers as a unit holder in the Fund during the 14 day period. This could include selling part of your investment or switching it to another product.

Indirect Investors should seek advice from their IDPS Operator as to whether cooling off rights apply to an investment in the Fund by the IDPS. The right to cool off in relation to the Fund is not directly available to an Indirect Investor. This is because an Indirect Investor does not acquire the rights of a unit holder in the Fund. Rather, an Indirect Investor directs the IDPS Operator to arrange for their monies to be invested in the Fund on their behalf. The terms and conditions of the IDPS Guide or similar type document will govern an Indirect Investor's investment in relation to the Fund and any rights an Indirect Investor may have in this regard.
